(i) that the Government be moved to declare that the order of 9th June 1902, authorising the Jodidar to levy license fees (not less than those prescribed in the Sanitary Board Bye-laws) for shops in Andersonpet area on the ground that he had undertaken to look after the sanitation of the area, be considered as having ceased to operate with effect from 28th February 1928; and that the Board may be authorised to take over direct charge of the sanitary administration of the area.

& (ii) that the Jodidar's Accounts may be scrutinised on the above basis and he be allowed out of his actual total collections, only ground rent to which he is entitled as the proprietor of the land, as also the expenditure he had incurred since 28th February 1928, on the sanitation staff employed by him in the area.

B. Having regard to the circumstance that Andersonpet is enjoying substantially the same amenities as Robertsonpet, in the matter of light, water, market facilities, etc., and is growing in importance, the Board would go a step further and recommend that Andorsonpet (including the Government and the Jodi area) be specifically excepted from the operation of the Village Panchayet Regulation and be brought under the full direct administration of the Sanitary Board, as in the case of Robertsonpet, with similar rates of taxation.

5 G. O. No. D. 6753-63—Edn. 164-29-2, dated 16th December 1929, directing the transfer of the *pro rata* interest earned on the investment of Education cess fund of the Hassan District from the District Fund account to the Education cess account of Hassan District and further directing that in future in all Districts, the credit balance of the Education cess fund be kept separate from and not mixed up with the general balances of the District Board, etc.

Resolution.—Recorded.

The Board beg to represent that the order has been passed without giving them any adequate opportunity to bring to the notice of Government their side of the case. They were unaware that the Director of Public Instruction had proposed the apportionment of interest. They are even now unaware of the basis of apportionment as contained in the order. The Board regret that the orders passed without such consultation work a great hardship upon them.

The Board are earning interest on a sum of Rs. 91,000 invested in Mysore Government Loan Bonds, in 1920. This investment, two years previously to the levy of the cess, cannot possibly be attributed to the cess balances, and interest earned thereon cannot therefore be apportioned.

The Board had in 1920, borrowed a sum of Rs. 85,000 for the Gorur bridge and the Hole-Narsipur Channarayapatna new road. With the object of providing a sinking fund, the Board approached Government for permission to deposit a sum of Rs. 50,000 in the Mysore Bank and Government were pleased to permit it by their order G. O. No. L. 6690-1—L. B. 167-26-2, dated 23rd

March 1927. Accordingly a sum of Rs. 50,000 was invested in the Mysore Bank on 1st April 1927. The Board has not been drawing the interest thereon and the account now stands at Rs 55,269 with accumulated interest. Interest up to April 1930 has to be added. Though not specifically named as sinking fund and earmarked as such, the facts will be abundantly clear from the Public Records It is calculated that this investment will fully provide for the liquidation of the loans, and is expected to leave a balance. It is clear therefore that a sinking fund created to provide with accumulated interest for the service of a loan cannot be apportioned.

The Board would draw attention to the fact that they have not at any time stinted in contributions for education and would merely cite some leading cases. Rs. 2,500 for Machinery and Rs. 2,500 for building, for the Local Industrial School. Rs. 1,000 for initial expenditure and Rs. 2,500 a year for recurring expenditure of the local Agricultural School. A lumpsum of Rs. 2,500 for the Poor Boys' Fund of the Hassan Goverement High School and an annual contribution of Rs. 100 therefor. A lumpsum contribution of Rs. 1,000 for a Prize Fund for the Vani Vilas Girls' School Hassan, which is also a Government Institution. They have also sanctioned a grant of Rs. 100 a month for five years for the High School at Hole-Narsipur and are paying the same. They have also agreed to make a like recurring contribution together with a lumpsum grant of Rs. 2,000 for the purpose of the High School at Saklespur. The Board would emphasise that all these grants and some other petty items are all from their ordinary resources and not cess funds, and they embrace both substantial lumpsum grants and heavy recurring commitments. The Board may further point out their contribution of Rs. 15,000 for the Adikarnataka Boarding Home building at Hassan out of Local Funds General balances transferred to them and they also agreed to earmark a further sum of Rs. 10,000 thereout for Educational purposes approved by them and have also spent a substantial portion of that also.

The Board wish to draw attention to these circumstances as in any reasonable calculation they should also be taken into account and also to respectfully submit that they are as zealous in the cause of education as anybody, and are anxious to forward that interest to the limits of their ability and resources.

The Board further beg to draw attention to the fact that they themselves had proposed the investment of accumulated cess funds (vide Resolution No. 40 of the meeting held on the 2nd and 3rd May 1924) as already stated while the Inspector-General of Education was not in favour of such investment (*vide* para 6 of his letter No. H. C. 346—22-23, dated 30th June—2nd July 1924). Then Government were pleased to pass orders (*vide* G. O. No. E. 601-4—Edn. 31-22-30, dated 9th August 1924). The Board beg to invite attention to paragraph 5 thereof stating that separate orders would be passed about the investment. No such orders seem to have been passed and none such have been communicated to the Board. Under the circumstances the Board were not at liberty to invest cess funds and are not responsible for the same. The Board therefore respectfully request that the Government may be pleased to reconsider the order under reference, and withdraw the same. The Board further wish to represent that they may at all times be given a hearing before any orders affecting them are passed, and that any allegations made about them may be brought to their notice for such opinions, statements of fact, or resolutions as they may wish to submit before matters are finally disposed of.

(*b*) Agricultural Director's letter No. R. O. C. 1295—28-29, dated 4th January 1930, in the matter of taking action by the Board in this connection.

Resolution.—Recorded.

1. Proceedings of the last meeting. Resolution. Read and confirmed.

2. Letter No. 6579—L. B. 136-29-2, dated 12th March 1930, of the General Secretary to Government, forwarding an extract from the Second Member's minute recorded after local inspection, *re* buying over the Municipal Octroi Katte for the construction of the District Board Office Building.

(*b*) Deputy Commissioner's No. R. O. C. 767-29, dated 25th March 1930, in the matter.

(*c*) Hassan Town Municipal Council President's letter No. A. C. 48-29, dated 10th April 1930, forwarding the resolution of the Council agreeing to give the site to the Board.

Resolution of the Standing Committee.—

"Having regard to the funds available it is not possible to buy a building and dismantle the same for the construction of the District Board Office. Neither the Octroi Katte nor the building now occupied by the Sub-Division Officer, Hassan, can be used for the Office, whatever alterations may be made. The purchase and demolition of either of these buildings would use up from a third to perhaps a half of the funds available. The maximum limit in the contemplation of the Board is Rs. 20,000 which would be just sufficient to provide the necessary accommodation only. A portion of the compound of the present quarters of the District Medical Officer in the north-east corner adjoining the Bangalore-Mangalore road had been selected. Between the witness shed of the Munsiff's Court and the Bangalore-Mangalore high road there is a site available. A more extensive area and a much better site is also available between the witness shed of the District Office and the Bangalore-Mangalore road. Any one of these vacant spaces or any other suitable site that the Government may be pleased to select may be allotted to enable the Board to construct a building for its offices. These alternative suggestions are offered as some solution has to be found early. The site in an unused corner of the extensive compound of the Deputy Commissioner's quarters are undoubtedly the most suitable and cannot interfere with any convenience of appearance and are wholly unused. It was chosen by those best competent to judge as likely and indeed necessary to improve the main approach to the town. The Board however have no special preferences and may be allowed any one of the four, or alternately any one of the vacant sites. They wish to emphasise that they will gratefully accept the allotment site but cannot afford to spend substantial portions of the sums available in and dismantling of buildings.

Resolution.—The Board are also of the same opinion as the S and approve the Committee's resolution.

3. Budget estimates of the Hassan District Board for the year 1930-31.

Resolution of the Standing Committee :—

(1) *Re* drinking water wells, the grants from State Funds have not been adjusted or made available up-to-date. It is learnt that certain grants for drinking water wells are being administered by the Deputy Commissioner and information is not available. Under the circumstances it is not possible for the Board to continue to provide for this and steps should be taken to obtain from the Government the outstandings hitherto as already advanced by the Board. As regards incomplete Drinking water well works Government may be requested to take them over for completion, or if they desire the Board to complete the same, their quota may be made available.

(2) *Public Works.*—That suitable annual grants be provided for the maintenance of interior roads opened out of District Funds or Malnad Improvement Funds, or improved by the District Board, such as Channarayapatna-Bagur road, Halli-Mysore Road, Arkalgud-Marur Road, Hassan-Chikkamandiganahalli-Settihalli Road, Kandali-Bylahalli Road, Hanumanthapura-Perumenahalli-Ambuga Road, Hirisave-Nonavinkere Road and the like, at Rs. 25 or Rs. 30 a mile according to the needs of the locality.

(ii) That special repairs to District Fund roads in the Malnad areas such as Anemahal-Mudgere, Manjarabad-Kodlipet, and Vanagur-Mallipatna roads may be provided for out of irrigation cess funds, as it is not possible to provide any funds for special repairs next year.

(iii) That provision be made also for the maintenance of newly constructed roads such as Alur-Kundur Road, Arehalli-Tholal Road, and Alur-Biccode Road.

(iv) That the District Board having already paid their quota of cost for special repairs to Channarayapatna-Narsipur-Kodlipet Road, and increased the annual mileage allotment from Rs. 90 to Rs. 150, no more funds need be provided therefor for special repairs.

(v) That the Alur-Biccode road being a Malnad Improvement road, the same may be caused to be completed out of Malnad Improvement Funds.

(vi) That Government should be requested to kindly cause the Municipalities other than Alur and Hassan in the District to pay up their quota of the cost of maintenance of District Fund roads situated within the Municipal limits, as per section 44 of the District Board Regulation and the Government Order No. L. 8855-82—Ml. 237-26-1, dated 14th June 1927, on the subject as per details noted below :—

(ix) Harnahalli Municipality, Rs. 75 for 4 furlongs of Hassan-Arsikere road at Rs. 150 a mile.

(x) Banawar Municipality, Rs. 85 for 6 furlongs of Banawar-Sira road at Rs. 100 a mile and Banawar-Sakrepatna road for 1 furlong at Rs. 80 a mile.

Total Rs. ... 1,987.

(3) That the Government grant for Economic Development during recent years being Rs. 2,000 a similar sum may be provided out of District Funds for the said purpose.

(4) MEDICAL.

Re dispensing with the services of waterman or waterwoman.

The ... es were scrutinised in respect of each institution and the following decisions ...—

... tion in expenditure under this head is desirable and possible, and such ... as the commitments of the Board for Medical relief have grown enor- ... ble to have the staff on a uniform basis and it is not possible to provide

for special hands in particular places without special reasons. In the particular cases referred to below, they have been examined individually and found to be totally unnecessary to be continued under present circumstances :—

	Name of place		Proportion	No.	Scale	Cost
						Rs.
1.	Alur ...	...	2/3	1	7	56
2.	Arsikere ...	...	,,	1	7	72
3.	Channarayapatna ...		,,	1	7	56
4.	Hole-Narsipur ...	...	,,	1	7	56
5.	Arkalgud ...	...	,,	1	7	56
6.	Konanur ...	...	,,	1	7	56
7.	Yeslurpet ...	...	Full	1	7	84
8.	Arehalli ...	...	,,	1	7	84
9.	Banawar ..	...	2/3	1	7	56
10.	Halkur ...	...	Full	1	7	84
11.	Hirisave ...	...	Half	1	8	48
12.	Sravanabelgola ...	...	Full	1	8	96

15.	Royarkoppal ...	...	,,	1	8	96+6
16.	Nagenahalli ...	...	,,	1	8	96+6
	Total	...	...	...	...	1,238

In these cases one attendant is sufficient and there is no need for waterman or water-woman.

(*b*) Where the average daily attendance of patients in a Dispensary is not more than 40, a compounder midwife would be sufficient.

(*c*) In respect of Medical Institutions situated in Municipal areas, contribution for Medical Establishment and in respect of Midwives also where one-third quota is not being paid, Government may be requested to order such payment from 1930-31.

(*d*) Likewise Village Panchayets where L. F. Dispensaries have been opened may be required to contribute their quota for the maintenance of Dispensaries, as in the case of Municipalities.

NOTE.—In the case of very poor Panchayets such contribution may be waived wholly or partially for specific periods; and further, where the Dispensaries serve a group of Panchayets the group as a whole may be required to contribute as a unit.

(*e*) These retrenchments and readjustments in accordance with the policy in vogue are alike necessary in the interests of the finances of the Board which are depleted to the extent of about Rs. 25,000 a year apart from other items since the rural mohatarfa was assigned to Village Panchayets while the services continue. Apart from stabilising the finances of the Board itself, it is necessary to equalise the burden as a measure of financial justice between urban and rural areas. The Committee believe that the Board are most anxious however for these readjustments as it is imperative to continue to develop steadily the Board's policy of extending the arrangements for medical relief throughout the Dirtrict.

CATTLE SHOWS, FAIRS AND MARKETS.

(5) Under the existing law of fairs and cattle shows in the district are entirely within the Province of the District Board (*vide* section 45 (f) and (h) of the District Board Regulation). Still Village Panchayets are being encouraged to hold cattle shows without even intimating the Board. This is not merely contrary to law but has a deleterious effect on the income of the board in addition, to disorganising commerce and prices—and occasionally affecting sanitation, and the health of cattle. Government may be requested to take steps to secure the due observance of law so long as it is in force at least, though the Committee are strongly of opinion that in the public interests, it is necessary that it should continue as it is under the law now in force under the single authority of the District Board.

(*b*) That weekly markets have to be dealt with on the same footing and must be solely under the control of the board (*vide* section 45 (c) of the District Board Regulation).

To assign any portion of the income to Village Panchayets or otherwise is not feasible in view of the financial needs of the board and would amount to special preference for particular panchayets. Further, in view of the necessity of the board administrating those markets in the general interests of the whole district, they should be unhampered in the exercise of their discretion and it is undesirable to create vested interests which must necessarily hamper the board in the free discharge of their responsibilities.

Resolution.—The budget estimates and the Standing Committee resolutions are approved.

The provision of Rs. 2,000 for sinking fund for the District Board Debenture Loan Bonds may be omitted.

Note:—Balance due to Education Cess Fund may be paid early out of cash balances and Mysore Bank Deposits. Out of the securities held by the Board, securities of face value of a capital sum which with compound interest calculated at 5 per cent and half-yearly rests to provide for full discharge of the District Board loan may be set apart as a sinking fund.

Urgent representations may be made to Government for payment of dues on the expenditure incurred on drinking water wells as the Board have found it impossible to make provision for special repairs for roads and other urgent matters which will require attention in the course of the year.

11. General Secretary's letter No. C. 8761—G. M. 44-29-11, dated 28th January 1930, stating that the Government see no reason to reconsider the order already passed in the matter of paying the personal allowance of Rs, 25 per mensem to Mr. H. D. Puttaiaya, District Board Head Clerk.

Resolution.—Recorded.

12. G. O. No. L. 2432-49—L, B. 97-29-1, dated 28th September 1929, issuing instructions for the inspection of the offices of the District Boards and Village Panchayets by the Deputy Commissioners and the Amildars or Deputy Amildars concerned.

Resolution of the Standing Committee:—

"It may be respectfully pointed out to the Government that the Deputy Commissioner has powers subject to rules as may be prescribed by Government (Section 92, District Boards Regulation). No such rules having been framed, the Deputy Commissioner is not in law empowered to inspect. The power of framing rules is solely with the Government. It may be pointed out in this connection that the original bill as passed before the Legislative Council was deliberately amended in this behalf by the Select Committee presided over by Rajaratnabhushana K. Chandy, Esq., B.A., in view of the possibilities of unnecessary conflicts and to safeguard the dignity of the Board and its non-official and honorary servants. It was intended primarily as a safeguard that may be necessary in unusual circumstances. We may perhaps recall that this Board had submitted its opinion in the matter. We regret that our fears then expressed were not entirely unfounded.

It has to be noted further that the power of inspection even conditioned as above is only in the Deputy Commissioner and not in staff or deputies. We believe that this has its analogy in the power of inspection vested in the Deputy Commissioner either under law or orders of Government in the absence of law in other spheres.

In the interests of honorary workers and avoidance of unnecessary and useless conflicts and annoyances and to safeguard the self respect of public workers, and autonomous local bodies, Government may be respectfully requested to frame definite rules, as required by section 92 of the District Boards Regulation. The Board further respectfully suggests that in view of the extension of the privilege of election of Honorary Presidents of District Boards throughout the Province, it may perhaps be desirable to give the local bodies an opportunity of submitting their views on any rules that may be proposed before finally issuing the same."

Resolution.—Standing Committee resolution is approved.

13. Letter No. C. 3185—29-30, dated 13—15th February 1930, from the Revenue Commissioner, calling for the resolution of the Board in the matter of providing a sum of Rs. 1,000 for preparing and purchasing Cinema films to carry on useful propaganda among the rural population.

Resolution of the Standing Committee.

"The right of collection of fees at the various tolls has already been sold by auction till the period ending 30th June 1931. It is therefore impossible to introduce any modifications till then, as enormous compensation will have to be paid, and no adequate data for compensation are available. However after the period of the present contract expires similar concessions as are granted in the Government Order may be granted in respect of certain of the District Fund Toll Gates only, though the matter is one that may be left to the consideration of the reconstituted Board before fresh auctions. We may indicate certain special considerations which seem to deserve weight. The tolls on the Hassan-Arsikere road and Arsikere-Huliyar road are not really the traffic of farmers but that of very well-to-do people making high profits and in one case competing with the Railway. The Hole-Narsipur bridge toll similarly does not interfere with farmers and an expenditure of Rs. 57,000 has been incurred on the Channarayapatna-Hole-Narsipur new road. Perhaps any possible inconvenience would be minimised by shifting the toll bar from the bridge head to the junction of the new road with Hassan—Hole-Narsipur Road. The Kerlapur Bridge toll was imposed as Rs. 30,000 was spent upon a bridge; primarily of use to the local people. Perhaps it may be removed after a definite period of ten years. Karehalli gate is much used by mining traffic, which does not contribute much to District Funds while damaging the road surface in largest measure."

Resolution.—Deferred.

Prescribed in G. O. No. R. 572[illegible]—R. M. 9-27-3[illegible], dated 15th May 1925 and No. R. 106-116—R. M. 9-27, dated 5th June 1925.

5. The contract shall not be transferred by sale, gift or otherwise or sub-lease without the previous sanction of the Deputy Commissioner.

6. The contract amount shall be paid in twelve equal monthly instalments in advance on the first day of every month into the Taluk Office. The contractor shall also pay along with the instalments the authorised Local, Railway and Educational Cesses, if any, at the prescribed rates.

7. Fees recovered from persons compounding the payment of toll in accordance with the standing rules and orders approved by Government shall be kept at the credit of the contractor and adjusted in account towards the last instalment or instalments, as the case may be.

8. Interest at 9 per cent per annum shall be levied on all overdue amounts till date of payment.

13. The contractor will have the use of the existing toll house and gate without payment of any rent, and he should keep them in good repair, failing which the cost of repair will be recovered from the contractor.

14. The contractor shall not be entitled to any remission of the contract amount or to any compensation on account of seasonal conditions or any other cause whatever.

15. The contractor and his employees shall always behave courteously towards the travelling public and shall not harass them or give them any trouble of any kind and he shall maintain at the toll-gate a book, wherein travellers may record complaints, and forward true extracts thereof once a week to the Amildar.

16. The contractor shall conform generally to the rules published in the late Chief Commissioner's Notification No. 274, dated the 4th November 1876 as revised from time to time. He shall recognise all exemptions made by the statute or rules in force for the time being. He shall pay special attention to the points mentioned in the Schedule C.

17. Any breach of the above conditions or rules on the part of the contractor or his servants will entail the forfeiture of the deposit or the levy of a fine not exceeding Rs. 50 for each infringement. If the fine be not paid or in the event of instalments or other sums due not being paid within the prescribed date, it shall be competent to the Deputy Commissioner to suspend further collection of toll by the contractor and dispose of the right to collect the toll during the remaining period by a resale or otherwise. The resale will be held at the risk of the defaulting contractor who shall be liable to make good all losses accruing but shall not be entitled to any profits arising from the resale.

18. The imposition of fine or resale of the contract shall be no bar to the prosecution of the contractor or his employees for any offence or to the institution of other legal steps against them under any law in force for the time being.
